FOR IMMEDIATE RELEASE

Florida Awards Federal Engineering Management Consulting Services Contract

FAIRFAX, VIRGINIA, April 19, 2021 — The State of Florida Department of Management Services (DMS) has selected Federal Engineering, Inc. (**FE**) to be on the State’s Management Consulting Services contract.

In announcing the contract award, Scott Wiggins, **FE** Senior Vice President stated: ““DMS issued a request for proposals to provide Management Consulting Services over the next four years. The services sought include the provision of expert advice, assistance, guidance, or counseling in support of mission-oriented business functions, and may also include studies, analyses, and reports supporting any proposed developmental, consultative, or implementation efforts. Federal Engineering has been selected as one of those firms.”

Mr. Wiggins continued: “We are thrilled that DMS selected us to provide management consulting support in all 12 services areas:

- Consulting on Management Strategy
- Project Management Services
- Program Research, Planning and Evaluations
- Provision of Studies, Analyses, Scenarios, and Reports Relating to a Customer’s Mission-oriented Business Programs or Initiatives
- Executive/Management Coaching Services
- Customized Training as Needed to Achieve a Management Consulting Objective
- Assistance with Policy and Regulation Development
- Assistance with Process and Productivity Improvement
- Expert Witness Services in Support of Litigation, Claims, or other Formal Cases Relating to Management Consulting
- Advisory and Assistance Services Relating to a Customer’s Mission-Oriented Business Programs or Initiatives
- Systems Alignment and Consolidation
- Comprehensive Grants Management Services Related to the Stafford Disaster Relief and Emergency Assistance Act and other Related State and Federal Grant Program

All levels of government in the State of Florida will benefit from Federal Engineering’s 38 years of refined methodologies supplying the above services to clients nationwide.”

Federal Engineering is a leading, technology firm providing analysis, design, procurement, and implementation support to local, regional, state, and Federal government jurisdictions. In addition to its public sector work, Federal Engineering provides design and implementation support services for voice, data, and video networks used in the transportation, utilities, aerospace, finance, education, publishing, and computer services industries. **FE’s** certified independence ensures that clients receive objective, unbiased consulting services that are not influenced by any technology, product, vendor, or approach.
